Guadeloupe e able power

Where can I find information about Guadeloupe energy?
Welcome to the website of Guadeloupe Energie! On this website, you'll find information on Guadeloupe's progress on energy transition from energy legislation to industry data, from profiles for renewable energy in Guadeloupe to the latest news and events--all in one place.

How can Guadeloupe achieve energy independence?
"Achieving energy independence in Guadeloupe byshifting from fossil fuels to renewable energy sourcesis a challenge that we must take up for the benefit of future generations. With clear objectives and applying the means for success,the Multi-Year Energy Program (PPE) exemplifies our political resolve to reach our goals."

How much does energy cost in Guadeloupe?
Energy Snapshot Guadeloupe This profile provides a snapshot of the energy landscape of Guadeloupe,an overseas region of France located in the eastern Caribbean Sea. Guadeloupe's utility rates are approximately $0.18 U.S. dollars (USD) per kilowatt-hour (kWh),below the Caribbean regional average of $0.33 USD/kWh.

Why is geothermal energy important in Guadeloupe?
Geothermal energy is especially attractive since Guadeloupe is an archipelago. Production can be fully controlled,unlike photovoltaics,for example,which depends on sunlight conditions Production costs are about half those of fossil fuel power plants and are not vulnerable to fluctuations in the world market

Is Guadeloupe a renewable country?
Guadeloupe has a large portfolio of renewable generating capacity,with 112.8 MW installed as of 2013. It also has a diverse portfolio,both in terms of generation types and facil-ity ownership.

What does EDF stand for in Guadeloupe?
Electricité de France(EDF) is the transmission and distri-bution utility in Guadeloupe and also operates a significant portion of the island's fossil energy generation. There are also a number of Independent Power Producers (IPPs) in Guadeloupe,primarily producing renewable electricity. The electricity sector in Guadeloupe is regulated by the
