The aentron GmbH, based in Gilching near Munich, is a provider of high-quality lithium-ion batteries for industrial applications. ... Here you can find the key features and technical functions of aentron's lithium-ion batteries. ... We are looking for people with energy! Have a look at our vacancies. Contact. You are looking for your right ...

aentron GmbH - Energy Solutions | 446 followers on LinkedIn. Lithium-Ion Batteries for Professionals | aentron GmbH- based in Gilching near Munich - is a leading provider of lithium-ion batteries. The high-quality lithium-ion batteries are developed and produced in Germany. They are true all-rounders and are used for both industrial and private applications.

Products / 2 kWh Batteries 2 kWh Battery Module High-performance battery systems with modular design The aentron 2 kWh storage systems enable the realization of modular and scalable battery solutions. Our operating voltages are from 12 Vdc, 24, Vdc to 900 Vdc. The M-Type modules are ideal for currents up to 60 A. Our products [...]

Products / 1 kWh Batteries 1 kWh Battery Module A lot of performance in a small package The 1KWh module from aentron provides you a small high-performance package within a high volumic energy. The M-Type modules are ideal for currents up to 60 A and equipped with a battery management system. M-Type 48V Module aentron [...]

E-Mobility aentron_Artboard 4 copy aentron_Artboard 4 copy E-Mobility Energy Solutions E-Mobility: Modular and scalable - for every need E-Mobility is no longer only the electrical propulsion of vehicles such as buses, communal vehicles made for transportation, special vehicles, motorcycles or scooters: A wide spectrum of electrical powered vehicles, fully ...

aentron GmbH - Energy Solutions | 449 followers on LinkedIn. Lithium-Ion Batteries for Professionals | aentron GmbH- based in Gilching near Munich - is a leading provider of lithium-ion batteries. The high-quality lithium-ion batteries are developed and produced in Germany. They are true all-rounders and are used for both industrial and private applications.

The aentron 10 kWh storage is designed for a high performance modular and scalable battery solutions. Our operating voltages are from 24 Vdc, 48 Vdc up to 900 Vdc and the capacity range goes up too 1 MWh. Our 10 kWh modules ...

aentron lithium-ion energy storage systems enable you to create modular and scalable battery solutions. In addition to standardised products, we also offer customised solutions. 1 kWh Batteries >
