

Albania solar companies in

Is Albania a good place for solar energy?

Albania gets about 2100-2700 hours of sunshine in a year so it has a great potential for solar energy. Solar energy is easily accessible since most energy comes directly or indirectly from the sun. It could be used for heating and lighting homes, commercial, and industrial buildings.

What is the largest solar power plant in Albania?

In late 2023 the 140MW Karavasta solar power plant was completed, having taken Voltalia of France 15 months to build, it is the largest in Albania to date. A 100 MW solar power project called Spitalla in Durrës area is planned to be built next. Albania has enormous potential for electric energy from wind power.

Is agrisolar a viable solution for a growing rural economy in Albania?

About 20% of Albania GDP relies on agriculture that employs about 60% of the population (as of 2020). Hence, agrisolar (and agrivoltaic) projects are among the most effective solution for a growing rural economy. Karavasta Solar Project - 140 MW | Voltalia's first development in Albania | Voltalia has started doing business in Albania in 2018 ...
