Who is Bentek solar?

Planning and sourcing a wide variety of materials and components. In 2009 Bentek expanded its offerings with the creation of the Solar Products division. Bentek Solar provides electrical Balance of System (eBOS) equipment--combiners, recombiners, safety systems, cables, harnesses, and accessories--for a wide range of photovoltaic projects.

Who is Bentek Corporation?

Founded in 1985 and located in San Jose, California, Bentek Corporation began by providing comprehensive design, manufacturing, and logistics services for the semiconductor equipment industry. We continue to specialize in the design and manufacture of electromechanical and power distribution solutions for high-tech and industrial markets.

What is the Bentek inverter power rack?

The Bentek Inverter Power Rack is a pre-fabricated mounting structure that supports string inverters, disconnects, combiners and other PV electrical BOS equipment. It was designed in consultation with leading inverter manufacturers to provide rapid and secure installation of string inverters in close proximity to the PV array.
