

Botswana solar container cabin

<div class="df_qntext">How will solar power plants be financed in Botswana?

The solar power plants are estimated to be financed by BWP 936 million (USD 68 million) of non-recourse project debt and equity from Scatec. Financing for the first 60 MW will be provided by the Rand Merchant Bank in Botswana and the World Bank's International Finance Corporation (IFC).

<div class="df_qntext">Where will a solar power plant be located in Gaborone?

The plant will be located near Mmadinare, close to the former mining town of Selebi-Phikwe, 400 kilometres Northeast of capital Gaborone. The solar power plant will ensure that approximately 48,000 tons of CO₂ emissions will be avoided and power approximately 20,000 households annually.

<div class="df_qntext">Who will finance the first 60 MW project in Botswana?

Financing for the first 60 MW will be provided by the Rand Merchant Bank in Botswana and the World Bank's International Finance Corporation (IFC). Scatec owns 100% of the project and will be the designated engineering, procurement, and construction (EPC) company, as well as asset manager (AM) and operations and maintenance (O&M) service provider.
