

Brenmiller europe Burkina Faso

Who is Brenmiller Europe?

Established in partnership with leading renewable energy developers Green Enesys and Viridi, Brenmiller Europe S.L., assumes responsibility for Brenmiller Energy Ltd. projects in major European countries, which represents a substantial amount of Brenmiller's global \$440 million project pipeline opportunities

Where does Brenmiller's \$440 million project pipeline come from?

A substantial portion of Brenmiller's current \$440 million global project pipeline of commercial opportunities originates in Europe, spanning nine industries across eleven European countries. Brenmiller is committed to delivering on this massive opportunity to decarbonize industrial sectors in Europe.

How will Brenmiller Europe benefit from green Enesys & Viridi?

Brenmiller Europe will capitalize on Green Enesys and Viridi's expertise in developing and deploying large-scale clean energy projects in Europe.

How does Brenmiller Energy work?

Brenmiller Energy's product combines thermal storage, heat exchangers and a steam generator. It uses crushed rock as storage material and can be charged by various heat sources such as residual heat or biomass, as well as electricity via embedded electric heaters.

"Adding Brenmiller's bGen to our circular closed loop renewable energy offering will accelerate access to low-cost and reliable electric heat, contributing greater flexibility to Europe's growing
