Do not use a battery from other computers with your computer. NOTE: If you see that the battery pack is swelling, Dell recommends discontinuing using the battery and replacing it with a Dell-authorized battery. To learn more, see the Swollen battery information and guidance article. The laptop battery does not charge or does not hold a charge.

The Merlin SmartGauge uses a completely different type of monitoring method. Real-Time battery measurements and proprietary algorithm coupled to computerised battery models allow SmartGauge to always provide real-time battery % of charge remaining AND will never run out of synchronisation with the battery.

-- A battery manufacturer has selected Kentucky for a nearly \$712 million project to produce industrial-sized batteries used to store and distribute energy, a process seen as increasingly ...

## British Virgin Islands battery dispatch

Battery life claim refers to larger models. All battery claims depend on network configuration and many other factors; actual results will vary. Battery has limited recharge cycles and may eventually need to be replaced. Battery life and charge cycles vary by use and settings.
