

Galaxy 7G PRO has 7th generation inverter technology. This is a 18Kw hybrid inverter but the load capacity is 20kw. Its solar capacity is 30Kw. It supports high PV voltage (160V~650vdc) for easy PV installation. We can connect 10 inverters in parallel for a larger operation. It comes with loaded accessories like battery wire, ACDC box, CT sensor, battery temperature sensor and ...

Galaxy 6G is a 6th generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables. It supports high PV voltage (120~425vdc) for easy PV installation. We can connect 16 inverters in parallel for a big operation.

Cellcronic a online store for power backup products. We offer everything you need for uninterrupted comfort and security, from industry-leading hybrid inverters and long-lasting LiFePO4 batteries to eco-friendly solar air conditioners.

Crafted out of Lithium Iron Phosphate (LiFePO4) technology, this is a battery built to last. with 4,500+ recharge cycles @80% DOD the 200Ah provides 5X the lifespan than your typical SLA battery. Built in smart BMS which can realize real-time monitoring the battery. It is the best home storage solution available in the market.

The ALPHA PRO inverter features dual outputs, with the second output offering advanced scheduling options for on/off control, cutoff voltage settings, SOC management, and discharge time adjustments through its LCD interface. This inverter is 3kw Inverter But Load Handle Capacity is 4Kw. With its 27A PV input current, the ALPHA PRO is well-suited to the ...

Globe Enterprises - Offering CELCRONIC ULTRA 5KW DUAL MPPT HYBRID INVERTER, Hybrid Solar Inverter at INR 82500 in Varanasi, Uttar Pradesh. Get contact number of verified ...

Galaxy 7G is a 7th generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables. It supports high PV voltage 370 for easy PV installation. We can connect 16 ...

We have developed a brand image in the market which ensures trusted electronic appliance. We will continue to supply products that customers can use without any issues and concerns, and ...

Galaxy 7G PRO has 7th generation inverter technology. This is a 12Kw hybrid inverter but the load capacity is 15kw. Its solar capacity is 24Kw. It supports high PV voltage (160V~650vdc) for easy PV installation. We can connect 10 inverters in parallel for a larger operation. It comes with loaded accessories like battery wire, ACDC box, CT sensor, battery temperature sensor and ...

Item General Parameter Remark Combination Method 15S Rated Capacity Typical-100Ah, Minimum-100Ah Standard Discharge After Standard Charge(Package) Factory Voltage 49.5-50.5V...

Cellcronic launches Alpha Pro 5Kw Inverter. Its maximum load capacity is 6Kw and its maximum solar capacity is 9 Kw. Warranty is 2 years. If you want to buy this Inverter then you can contact us on the number given below- 9991116403, 9996226403 . . .
#cellcronic#sale#diwalisale#bigoffer#diwalibigsale#bigdiwalisale#bestoffer#heavydiscount#hugediscout#bestdiscount#cellcronicinverter# ...

Cellcronic 7th generation hybrid AC/DC solar air conditioner is based on full DC inverter air conditioner VRF technology. The main components of our unit is DC inverter ...

Cellcronic 7th generation hybrid AC/DC solar air conditioner is based on full DC inverter air conditioner VRF technology. The main components of our unit is DC inverter compressor, DC fan Motor, Solar MPPT Booster and inverter air conditioner controller. The hybrid ACDC unit power supply from outdoor units, it has MC4 Connector P+/ P- for DC solar panel directly power ...

Galaxy 6G is a 6th generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables.

Item General Parameter Remark Combination Method 15S Rated Capacity Typical-100Ah, Minimum-100Ah Standard Discharge After Standard Charge(Package) Factory Voltage 21-29V...

The new Galaxy 7G is a milestone in technology. It is far ahead of any existing hybrid inverter technology in the world. It can handle continuous 22000W output power. It comes with two 26000W Super MPPTs with high PV voltage (150~850v) for big PV operations. Due to this high voltage range and 26A current capacity PV installation is easy and fast. This inverter support ...

Galaxy 6G is a 6th generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables. It supports high PV voltage (140~800vdc) for easy ...

Crafted out of Lithium Iron Phosphate (LiFePO4) technology, this is a battery built to last. with 3000+ recharge cycles @80% DOD the 80Ah provides 5X the lifespan than your typical SLA battery. Built in smart BMS which can realize real-time monitoring the battery. It is the best home storage solution available in the market.

Cellcronic New Launch Galaxy 6G EU 8KW-48V Hybrid Inverter for home and commercial useGalaxy 6G is a 6th generation inverter technology. It comes with loaded...

Galaxy 6G is a 6th-generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables.

Cellcronic Galaxy 6G EU 3 Kw Hybrid Inverter. Galaxy 6G is a 6th generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables.

Galaxy 6G is a 6th generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables. It supports high PV voltage (140~800vdc) for easy PV installation. We can connect 16 inverters in parallel for a big operation.

Crafted out of Lithium Iron Phosphate (LiFePO4) technology, this is a battery built to last. with 3000+ recharge cycles @80% DOD the 80Ah provides 5X the lifespan than your typical SLA battery. Built in smart BMS which can realize ...

1. Pure sine wave output 5500 Watt. Can handle Two 1.5 Ton Air-conditions with rest home load.
2. 6000W Wide MPPT (120~450vdc) charge controller.

Galaxy 7G is a 7th generation inverter technology. It comes with loaded accessories like Battery wire, ACDC box, CT sensor, Battery temperature sensor, and communication cables. It supports high PV voltage (120~425vdc) for easy PV installation. We can connect 16 inverters in parallel for a big operation.

Company profile for Storage System, Inverter manufacturer Cellcronic Technologies Pvt. Ltd. - showing the company"s contact details and products manufactured.
