

China-europe air solar container plan announcement time

<div class="df_qntext">Is China launching a container shipping service along the Arctic route?

China is preparing to inaugurate its first regular container shipping service along the Arctic route between its ports and those of Western Europe with the 4,890 teu Istanbul Bridge.

<div class="df_qntext">Is China launching a LINER-type service to Western Europe?

After several years of point-to-point container shipping operations connecting China and Russia via the Arctic, a Chinese operator is set to begin the first liner-type service to Western Europe. Haijie Shipping Company will launch its China-Europe Arctic Express service next month.

<div class="df_qntext">How long does it take to travel between China and Europe?

The schedule is even faster than the average rail transit between China and Europe, which typically takes around 25 days. The Arctic route, however, is not without constraints. Regular container services can only operate during a limited seasonal window, currently from July to November.

<div class="df_qntext">Why is China releasing live sea ice monitoring?

The country's Ministry of Transport has begun to release live sea ice monitoring to improve safety for Arctic shipping. After several years of point-to-point container shipping operations connecting China and Russia via the Arctic, a Chinese operator is set to begin the first liner-type service to Western Europe.

<div class="df_qntext">How long does the China-Europe Arctic Express take?

According to Haijie Shipping Company, which is branding the service as the China-Europe Arctic Express, the journey will take only eighteen days, compared with 40 days on the Suez route and 50 via the Cape of Good Hope. The schedule is even faster than the average rail transit between China and Europe, which typically takes around 25 days.

<div class="df_qntext">When will the Ningbo container ship arrive?

The first departure from Ningbo is already scheduled for December 30, 2024. With a travel time of only 26 days, the container ship is expected to arrive at the JadeWeserPort (JWP) in Wilhelmshaven on January 24, 2025.
