

White, S., McAllister, I., & Feklyunina, V. (2010). Belarus, Ukraine and Russia: East or West? *The British Journal of Politics and International Relations*, 12(3), 344 ...

The North East and Yorkshire Net Zero Hub will run three application rounds for the Community Energy Fund, subject to funding available, with timescales for the first round as follows: Round 1. Open for applications - 05/12/23. Close for applications - 05/01/24. Round 2.

When the Russian invasion was about to begin I did some cursory work on what was anticipated. A question always bugged me. I used open source to monitor where supplies were going and stockpiling and I concluded that if it would be another exercise the staging would be "for show"; and likely further east (and it was) and if it went to Brest it would be for real. The rationale was ...

The European Union supports a new project to upscale support to existing and established independent Russian and Belarusian media working in the EU and that maintain ...

The Greater South East Net Zero Hub is working with 46 local authorities across our region to deliver the scheme. Please note, the application phase for residents has now come to an end. Warm Homes: Local Grant. The Warm Homes: Local Grant (WHLG) is the government's latest domestic retrofit scheme, beginning delivery in April 2025.

Plans for a new £67 million health and care hub for the North East of Glasgow have moved a step closer. The Scottish Government has approved the Outline Business Case for the new North East Hub Health and Care Centre which will be built on the site of the former Parkhead Hospital.

With the project "European Network for Belarus" (ENB) we want to establish a network of experts, representatives of civil society, and politicians to support the democracy movement in Belarus. ...

Internet access in Belarus continues to be relatively affordable. In 2023, the International Telecommunication Union (ITU) found that 2 GB of mobile data cost 0.57 percent of gross national income (GNI) per capita, while 5 GB of fixed broadband data cost 0.65 percent of GNI per capita; both were improvements over the previous year. Belarus regularly ranks ...

Originally, the Greater South East Net Zero Hub Board was comprised of representatives from the 11 Local Enterprise Partnerships within the region. On 1 April 2024 Local Enterprise Partnerships transferred their functions to local and combined authorities. A new governance structure for the Hub is currently being developed.

Belarus, officially the Republic of Belarus, is a landlocked country in Eastern Europe. It is bordered by Russia to the east and northeast, Ukraine to the south, Poland to the west, and Lithuania and Latvia to the northwest. Belarus has a population of 9.1 million people and is the world's 84th largest country.

The government strives to connect citizens for the purpose of economic development. However, it strictly limits the autonomy of service providers. 1 By the end of 2023, 170 companies were providing telecommunications services in Belarus, a slight decrease from 2022. 2 However, the state-owned Beltelecom remained dominant. Belarus had 3.2 million fixed-broadband ...
