

Ecactus battery Niger

Who is Weiheng ecactus?

WEIHENG ECACTUS is one of the world's leading and fastest growing battery energy storage solutions provider. We design, manufacture, deploy, and service power storage systems for utilities and clear energy power generators including solar and hydrogen, industrial and commercial users, residential and distributed power storage.

What is the ecactus 5kW all-in-one storage system?

The eCactus 5kW all-in-one storage system is a versatile, reliable, high-quality solar product, which ensures you get the most out of your PV system. It combines a hybrid inverter and an LFP (Lithium FerroPhosphate) battery into one unit, suitable for both on-grid and off-grid thermal and chemical stability.

What makes ecactus unique?

The eCactus brand embodies the cactus's ability to store abundant energy and its resilient spirit in harsh environments. This inspiration extends to our product series names, each reflecting characteristics of various cactus species. With 16 years of dedicated R&D, we remain at the forefront of energy storage innovation.

What does ecactus stand for?

The name eCactus, derived from the "Electronic Cactus". The eCactus brand embodies the cactus's ability to store abundant energy and its resilient spirit in harsh environments. This inspiration extends to our product series names, each reflecting characteristics of various cactus species.

WEIHENG ECACTUS is one of the world's leading and fastest growing battery energy storage solutions provider. We design, manufacture, deploy, and service power storage systems for utilities and clear energy power generators including solar and hydrogen, industrial and commercial users, residential and distributed power storage.
