

Energreen power inter island corp Norway

Who is energreen power Inter-Island Company?

ENERGREEN POWER INTER-ISLAND CORP. A Philippine power development & holding company specializing in small clean and renewable energy projects for the off-grid islands ranging in generating capacities from 1 to 20mw.

Who is energreen?

Energreen evolved from being a power engineering firm designing high voltage power systems such as power substations, transmission lines, and metering systems for the Philippines major electric utilities like National Power Corp., National Electrification Administration, PNOC, and Meralco.

Why did energreen develop a power plant?

Through its project development affiliate, Energreen initially developed successfully diesel and bunker c power plants to immediately address the power supply needs of the larger islands of Palawan, Oriental Mindoro, and Catanduanes.

How did energreen get rewarded?

Energreen's early work was rewarded by electricity supply agreements for the larger islands of Palawan, Oriental Mindoro, and Catanduanes. The projects were originally developed under development company affiliate Power One Corp. and taken over by Energreen for implementation under an equity streamlining agreement.
