South Georgia and the South Sandwich Islands lie isolated and exposed in the Southern Atlantic Ocean to the southeast of the Falkland Islands. After their discovery over 300 years ago, the British set up a now-abandoned whaling station on South Georgia. Today, the island's inhabitants consist of just a handful of scientists and massive colonies ...

The strategy has also been developed in conjunction with the Government of South Georgia and the South Sandwich Islands, who will also publish, on their website, their own complementary 5-year ...

The ultimate goal of the Argentinian forces was to annex the South Sandwich Islands, South Georgia, and the Falklands. Despite these plans, however, the British moved in to re-take the territory, and on June 20, 1982, the British were successful in defeating the invading Argentine forces. By 1985, both South Georgia and the South Sandwich ...
