

Hohm energy Barbados

Who is Hohm energy?

Founded in 2021 by Tim Ohlsen and Emir Gluhbegovic, Hohm Energy offers homeowners and businesses in South Africa the opportunity to adopt solar solutions by providing them with accredited solar installers, product suppliers, and embedded solar financing. The startup's proprietary platform connects all stakeholders in the solar value chain.

What happened to Hohm energy?

Solar company Hohm Energy has entered into voluntary liquidation with the Companies and Intellectual Property Commission (CIPC). The company informed creditors of the move this week. At the end of July 2024, it entered into a business rescue due to cash flow challenges and its inability to service existing debts.

Will Hohm energy liquidate CIPC?

Hohm Energy, a South African climate startup, has reportedly filed for voluntary liquidation with the Companies and Intellectual Property Commission (CIPC), an agency of the Department of Trade, Industry, and Competition in South Africa.

Why did Hohm energy halt operations in 2024?

Hohm Energy reportedly halted operations due to financial difficulties including challenges in servicing existing debts in August 2024. In February 2024, the company raised \$8 million in seed funding to boost its new climate fintech strategy, focusing on tech advancements, product innovation, and solar installer skill development.

Is Hohm a trend in South Africa?

Hohm is part of a wider trend in businesses going into business rescue or being liquidated in South Africa. In August, South Africa bade farewell to another 133 businesses in July 2024, taking the total number of companies and close corporations liquidated year-to-date to 892. Most of the closures are voluntary liquidations.

Why did Hohm raise \$8 million?

In February 2024, the company raised \$8 million in seed funding to boost its new climate fintech strategy, focusing on tech advancements, product innovation, and solar installer skill development. Meanwhile, Hohm's parent company, Spark Energy, clarified that there was a misunderstanding regarding the capital raise.
