These solar generators harness the power of the sun to provide reliable and eco-friendly energy, making them an ideal choice for outdoor adventures, emergency power backup, off ...

I first bought a Honda inverter generator, and then last year an Ecoflow Delta Pro. The cabin is on a lake in the near north of Ontario. It is 500sqft, 100yo, with no wiring, and an east-west facing roof, with trees nearby. My power needs are modest: a solar fridge, 10 bulbs, a few laptops and a TV screen. It is used in spring, summer and fall.

The Honda portable solar generator is a convenient unit to have around the house, sailboat, or even as a source of backup power. It's mobile, so you could also carry it in your RV, car, or truck. Honda Solar Generator Models
