

Huasun Energy has announced the first delivery of its high-efficiency heterojunction (HJT) products to India, shipping over 10MW of 700W+ modules to the subcontinent in early February.

2 ???· Huasun Energy has delivered 1,386 of its V-Ocean heterojunction (HJT) modules for the 800 MW Phase 1 of a Power China offshore project in Qingdao, Eastern China. The 1 GW project is Power China ...

Huasun Energy has successfully delivered 1,386 V-Ocean heterojunction (HJT) solar modules for the 800 MW Phase 1 of Power Construction Corporation of China's (Power China) offshore PV ...

Huasun, as the world's largest producer of heterojunction (HJT) products, is focusing on both technological innovation and alignment with the evolving market demand for ...

The C4 Workshop of Huasun Energy Xuancheng HJT Cell Factory celebrates a significant breakthrough by reaching production output of 252.36MW in July 2024, surpassing ...

By Huasun Energy. March 12, 2024. Facebook Twitter LinkedIn Reddit Email Huasun Energy has announced a strategic partnership with AE Power as its exclusive sales distribution and services partner ...

6 ???· On December 11-12, 2024, EnerGaïa took place in Montpellier, France--known as the "Sunshine City"--attracting global leaders and enterprises in the new energy sector to explore ...

By Huasun Energy . July 25, 2024. Facebook Twitter LinkedIn Reddit Email Desert areas, with abundant solar resources and available land, are increasingly seen as optimal sites for PV power plant ...

By Huasun Energy . March 15, 2024. Facebook Twitter LinkedIn Reddit Email Huasun has announced the signing of a procurement agreement for 500MW of its high-efficiency Himalaya G12-132 HJT modules ...

The zero busbar technology has been implemented in Huasun's HJT Himalaya G12 series and Everest G12R rectangular modules. Image: Huasun. Chinese solar manufacturer Huasun has developed a zero ...

Huasun has taken part in the 2024 edition of ASEAN Sustainable Energy Week in the Thai capital Bangkok, showcasing its range of heterojunction (HJT) products, including the Everest G12R series ...

Huasun Energy has announced that its high-efficiency Himalaya G12 Series heterojunction modules have received certification from the Bureau of Indian Standards (BIS), a significant milestone ...

Huasun energy French Southern Territories

4 ???· Huasun Energy showcased its cutting-edge, high-efficiency heterojunction (HJT) 0BB (0-busbar) flagship products, marking a significant presence alongside solar energy leaders ...

Huasun Energy has announced a strategic cooperation framework agreement with Xinjiang Silk Road New Energy, establishing a long-term partnership focused on high-efficiency heterojunction products ...

The China Green Development Investment Group (CGDG) has announced Huasun Energy as the successful bidder for its 2024 centralized procurement tender projects, thus clinching the group's annual ...

Anhui Huasun Energy Co., Ltd, founded in July 2020, is a technological innovation enterprise specializing in the development and application of ultra-high-efficient N-type silicon heterojunction (HJT) solar cell ...

Huasun Energy has showcased its latest innovations at the 2024 edition of Intersolar Mexico, including its zero-busbar (0BB) technology, Himalaya and Everest series HJT modules and HJT-perovskite ...

The C4 workshop at Huasun Energy's Xuancheng cell factory has reached a significant milestone, achieving a monthly output of 251.45MW in June and 252.36MW in July respectively, figures which ...

Huasun Energy has shipped over 100MW of its high-efficiency heterojunction (HJT) PV modules to Pakistan, in a significant milestone in its relationship with the country.

Everest G12R, the world's first rectangular heterojunction (HJT) solar module series, has been officially launched by Huasun Energy. The modules are based on HJT3.0 high-efficiency solar cell ...

Huasun Energy has emerged as a "top performer" in PVEL's Product Qualification Program (PQP), based on the performance of its Himalaya G12-132 bifacial double-glass HJT module, which ...

Moreover, Huasun recently claimed it has improved the average energy conversion efficiency of its G12R and G12 HJT cells to 26.01% and 26.15%, respectively. While the cells' peak efficiencies ...

Huasun Energy has announced that it has been successful in the Huaneng Group's recent module procurement tender for 2024, being awarded Section 3 of the project, which involves 500MW of ...

Huasun Energy HJT Latin America Tour 2024. August 27-29 @ Intersolar South America 2024; Booth #W1.61, Expo Center Norte, São Paulo, Brazil. September 3-5 @ Intersolar Mexico 2024;

Huasun, as the world's largest producer of heterojunction (HJT) solar products, is focusing on both technological innovation and aligning with the evolving market demand for ...

Known for its high-efficiency and reliable heterojunction (HJT) solar products, Huasun has built strong and lasting partnerships globally, delivering over 8 GW of HJT ...

Chinese solar manufacturer Huasun Energy has won a bid to deliver heterojunction (HJT) modules for 1 GW of offshore photovoltaic (PV) parks to be installed by ...

In support of the Philippines' transition to a greener energy mix, Huasun is actively promoting its G12 and G12R series of high-efficiency HJT modules and solutions. By utilizing the company's ...

Huasun Energy has taken part in the 2024 edition of PV CellTech Europe in Frankfurt. With the conference focusing on the latest n-type cell technology, Director of Business Development for Europe ...

Huasun Energy has taken part in the 2024 edition of All Energy Australia in Melbourne, showcasing its Himalaya G12-132 V-ocean solar modules and the full range of its Everest G12R products.

Huasun Energy will showcase its cutting-edge HJT technology at the 2024 edition of the World Future Energy Summit in Abu Dhabi between 16-18 April.

Huasun recently announced that its Himalaya G12-132 HJT module had achieved a power output of 768.938W with a conversion efficiency of 24.75%. The company said that it was hoping to introduce its ...
