

# Introduction of kelin electric solar container products

<div class="df\_qntext">Who is Hangzhou Kelin electric?

Hangzhou Kelin Electric Co.,Ltd. was founded in 2002 and is a high-tech enterprisespecializing in the research and development,production and sales of power products.

<div class="df\_qntext">What is a solarcontainer?

The Solarcontainer is a photovoltaic power plantthat was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system,a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest Panels lays flat on the ground.

<div class="df\_qntext">How many installers does a solarcontainer need?

At least 3-4 installersand 1 crane operator are needed to put the Solarcontainer into operation within one day. How many households can one Solarcontainer supply with electricity?

<div class="df\_qntext">How many households can a solar Container Supply?

Based on an average power consumption of a 4-person household of 4000 kWh per year and a location in Southern Germany,the solar container can supply approx. 32 householdswith climate-friendly electricity. At a location in Southern Europe it can even be up to 50 households due to the high solar radiation.

Learn about SolaraBox"s mission, team, and expertise in solar container systems. We innovate modular, scalable, high-performance solutions worldwide.
