

Yeah it's really weird, I had the extension all set up, and today it kept not working and saying it wasn't updated (I updated everything, uninstalled it, reinstalled it, even tried on a different browser and downloading the extension fresh and it said it was out of date) and going default just says it can't verify and I tried later today and now apparently the server isn't responding ...

Oh that's your guide, it's a good read and will be testing out some of your methods recommended. One thing I will say there is a way to get J.lm to do kinks unprompted. At least I've been able to get kinks. You basically need to explain the kink.

A catharsis for the frustrated moral philosopher in all of us, and a place to finally find out if you were wrong in an argument that's been bothering you. Tell us about any non-violent conflict you have experienced; give us both sides of the story, and find out if you're right, or you're the asshole. It has been foot-stomped repeatedly in my Spanish education that j sounds like an h. E.g. Jamas, japos, jalapeno, all start with a j that sounds like an h. However, this rule seems to take on the typical "j" sound as expressed in English at certain times such as when saying &quot;Junior&quot; and &quot;Jacky&quot;.
