

Libya power pack battery box

What is a power pack battery box?

Our Power Pack Battery Box is the ultimate power solution for your kayak! It comes with an integrated Power Port outlet, which makes it easy to plug in and power your 12-volt accessories. The built-in master power switch gives you full control of when your power is on or off.

What is included in a sandblasted metal battery box kit?

The kit includes a JK protection management system, an LCD display screen, Anderson charging port, and more. Power Up Your DIY Projects with Our 48V Sandblasted Metal Battery Box Kit - Ideal for 200Ah/280Ah LiFePO4 Batteries in 16-Series Configuration!

What is a battery box kit?

This is a DIY battery box kit with a 48V metal casing featuring a sandblasted surface, specifically designed for 16-series lithium iron phosphate (LiFePO4) batteries with capacities of 200Ah/230Ah and 280Ah/320Ah. The kit includes a JK protection management system, an LCD display screen, Anderson charging port, and more.

How does the power pack work?

The integrated external, dual USB charging port ensures that both your mobile device and outdoor action camera have all the power they need to capture all the action while you're on the water. The Power Pack also comes with a home battery charger that maintains your batteries and ensures that you always have a full charge whenever you go out!

Does the power pack come with a battery charger?

The Power Pack also comes with a home battery charger that maintains your batteries and ensures that you always have a full charge whenever you go out! Note: Make sure the plug-and-play connectors are completely pushed together when connecting the system together.
