REPT BATTERO's power batteries mainly include square aluminum shell ternary lithium batteries and lithium iron phosphate batteries that meet the VDA and MEB standard sizes. It also provides BTL large cylindrical batteries. ... improved battery space utilization and higher energy density batteries, to achieve ultra-long battery life, fearless ...

REPT BATTERO Energy Co Ltd, formerly Rept Energy Co Ltd, is a China-based company mainly engaged in the research and development, production and sales of electric vehicle (EV) and energy storage system (ESS) lithium-ion battery products. The Company's EV battery products include LiFePO4 (LFP) battery products and ternary lithium battery products, ...

The board of directors (the "Board") of REPT BATTERO Energy Co., Ltd. (the "Company") hereby announces the unaudited consolidated interim results of the Company and its subsidiaries (the "Group", "We" or "REPT BATTERO") for the six months ended 30 June 2024, together with the comparative amounts and explanatory notes.

On May 9, the CB500 lithium iron phosphate long battery cell of REPT BATTERO Energy Co., Ltd. successfully rolled off the production line. The relevant parameters met the customer's shipping standards and the first batch of delivery was achieved. It will be supplied to well-known domestic vehicle manufacturers and equipped with complete ...

Year on year REPT BATTERO Energy Co Ltd 's revenues fell -6.14% from 14.65bn to 13.75bn. This along with an increase in the cost of goods sold expense has contributed to a reduction in net income from a loss of 354.12m to a larger loss of 1.47bn.

Independent research and development of core technology, improved battery space utilization and higher energy density batteries, to achieve ultra-long battery life, fearless distance. Safety Upgraded battery safety performance, intelligent battery management system (BMS) escorts safety, and enjoys peace of mind.
