

In Martinique, types C and E are the official standards. Just like the rest of France, all French overseas departments have standardized on the same plug, outlets, voltage and frequency. Since type F plugs are identical to ...

Martinique, a French overseas territory located in the Caribbean, has a population of around 370,000 people, mostly concentrated in the capital, Fort-de-France. The island's hilly and volcanic terrain presents challenges for infrastructure development, including telecommunications. Despite this, Martinique boasts a fairly modern and well-developed telecommunications infrastructure.
