What is the role of the MEEI in Trinidad and Tobago?

The Ministry of Energy and Energy Industries (MEEI) is responsible for monitoring, controlling and regulating the energy and mineral sectors of Trinidad and Tobago. Its early years began in 1904 when it was established as the Mines Department to manage Manjak production. In 1948, it was re-designated as the Petroleum Department.

Why should you attend MFT energy?

At MFT Energy, finding sustainable energy solutions is a key priority, and we're excited to actively support and drive the green transition. If you're attending the conference, we'd love to meet and discuss potential collaborations.

Why is energy security a priority for Trinidad and Tobago?

Energy security is a priority for Trinidad and Tobago. Accordingly, we have set in train steps to optimise the exploitation of our oil and gas resources while mitigating the emission of greenhouse gases and adopting low carbon solutions.
