What does CESA do?

CESA's mission is to make energy storage a mainstream resource. We strive to advance a more affordable, efficient, reliable, safe and sustainable electric power system for all Californians. Stay updated with the latest developments in the energy storage industry.

Why should you join CESA?

This rapid expansion strengthens California's ability to capture clean energy during off-peak hours and dispatch it during peak evening demand, enhancing grid stability and minimizing reliance on fossil fuel generation. opportunities in the storage industry. Join CESA to build relationships with our 90+ members,

Is California making progress in energy storage deployment?

We are excited to share the release of the updated Energy Storage Survey, showcasing California's remarkable progress in energy storage deployment. The state has added over 3,000 MW of battery storage capacity in the last six months alone, bringing the total to more than 13,300 MW - a 30% increase since April 2024 (Source).

California Energy Storage Alliance (CESA) is a membership-based advocacy group committed to advancing the role of #EnergyStorage in the electric power sector. Berkeley, CA storagealliance Joined January 2014. 210 Following. 3,324 Followers. Tweets. Tweets & replies. Media. Likes.
