of Beijing Solar Energy Research Institute and Daimler-Benz Aerospace (DASA) in 1995. Beijing Solar Energy Research Institute Co., Ltd.

Since then, Sunda has been engaged in developing, manufacturing and marketing of a wide range of evacuated tube solar collectors. In 1997, SUNDA Germany subsidiary founded. In 1996, Sunda opened a new set of expanded production equipment and in 1997 Sunda established an overseas subsidiary in Germany to better serve customers in Europe.

Since its foundation in 1995, Sunda has been highly committed to improving its products on an on-going basis. On account of this important pillar of Sunda`s philosophy, we are continuously striving towards creating products that offer highest customer value. This has resulted in extensive R& D efforts and in expanding our worldwide operations. Sunda is on the market for more than ...

China, with its burgeoning energy needs, is the world's leader in the use of solar hot water systems. That presence was felt at the 2005 Solar World Congress with a few solar hot water product offerings from the country. Among these were the evacuated solar thermal hot water heating systems from Beijing Sunda Solar Energy Technology. Each system includes a ...
