Who is E-One Moli Energy?

E-One Moli Energy Corporation established in 1998 is a world-class manufacturer of superior quality and high-performance rechargeable lithium-ion cells. E-One Moli Energy has been known for more than 40 years for its leading position in the battery industry by the brand name MOLICEL®;

What is the valuation of E-One Moli Energy?

The current valuation of E-One Moli Energy is 00000. What is E-One Moli Energy's current revenue? The current revenue for E-One Moli Energy is 000000. How much funding has E-One Moli Energy raised over time? E-One Moli Energy has raised \$931K. Who are E-One Moli Energy's investors?

Who makes E-One Moli batteries?

E-One Moli Energy Corp. is a Taiwanese manufacturer of lithium-ion batteries. It was founded in 1998 and focused on producing high capacity energy cells for notebook computers, high-end electronics and networking communication devices under the "Molicel" brand.

Who owns E-One Moli?

E-One Moli started in 1977 in B.C. as Moli Energy Ltd. The company changed hands twice over the years, first when it was acquired by a Japanese consortium in 1990 and then in 2000 by a Taiwanese company, Taiwan Cement Corp., its current owner.

How sustainable is E-One Moli?

With a seven-story mass timber office and research and development space--paired with a fully integrated green roof--the facility is one of the most sustainable industrial buildings in the region. It is targeting LEED Gold and Net Zero Carbon certification to support E-One Moli's corporate mandate for a better and cleaner future.

How much money does E-One Moli get from the government?

The company is getting \$205 million in funding from the federal government and \$80 million from the B.C. government. The plan is to demolish the company's old plant in Maple Ridge and rebuild it, with added manufacturing capacity that will enable E-One Moli to increase its annual production capacity from 24 million cells to 130 million cells.
