

Ningde amperex Libya

Who is Amperex Technology Limited (ATL)?

Amperex Technology Limited (ATL) is a battery manufacturing company founded in 1999 by Robin Zeng. The company specializes in the research, development, and manufacturing of rechargeable lithium-ion and lithium-ion polymer batteries.

How has Ningde changed over the years?

Since setting up our new Ningde factories in 2008, which encompass dozens of automatic lithium-ion polymer battery production lines together with a new product development arm and several trial production lines, our production capacity and product range have hugely improved.

Who owns Xiamen Ampcore Technology Limited?

Xiamen Ampcore Technology Limited's capital is 5 billion RMB, with ATL having a 30% stake and CATL having a 70% stake. The same year, ATL and CATL also established a battery pack joint venture called "Xiamen Ampack Technology Limited"; capital is RMB 1 billion, with ATL holding 70% and CATL holding 30%.

Who owns Xiamen Ampeak Technology Limited?

ATL established Xiamen Ampeak Technology Limited, in which ATL owns 100% of the shares, as a holding company of the two joint ventures. ^"TDK 2022 Annual Report" (PDF).

CATL was founded in Ningde, which is reflected in its Chinese name ("Ningde era"). The company started as a spin-off of Amperex Technology Limited (ATL), a previous business founded by Robin Zeng in 1999. ATL initially manufactured lithium-polymer batteries based on licensed technology but later developed more reliable battery designs themselves.
