

Portugal 5kw solar system for sale

Why should you choose a solar system in Portugal?

With its sunny climate, Portugal, and especially the Algarve, is the perfect location to benefit from solar panels for both electricity and hot water. There is also a growing demand for battery solar systems, which allow you to store the energy for later use, and provide energy security for when EDP fails.

Can a solar system be installed in Portugal?

We can design and build a range of systems to suit your needs, from whole systems, to smaller solutions such as heat-pump installations. With its sunny climate, Portugal, and especially the Algarve, is the perfect location to benefit from solar panels for both electricity and hot water.

How much do solar panels cost in Portugal?

In Portugal, the average cost per watt currently sits around EUR2.64. So, a typical 6 kW system (suitable for an average household) might cost around EUR15,840 before applying any grants. The government's SEAI grants can significantly reduce the upfront cost of solar panel installation.

Why is Portugal a good place to invest in solar energy?

In a time of energy price hikes, supply concerns and with Portugal boasting some of the highest levels of sunlight hours in Europe - it's the perfect location to harness the power of solar & thermal energy for your home. We also supply solutions for underfloor heating, domestic hot water, and central heating.
