

Puerto Rico enersys emea okta

Nowhere is this more true than EMEA. Developer tools are the fastest growing app category in EMEA, with 44.1% growth in the past six months. Today, 47% of EMEA customers use at least one developer tool, more than in North America or APAC. Check out the highlights of the report in the video below.

Get to know Okta Okta is The World's Identity Company. We free everyone to safely use any technology--anywhere, on any device or app. Our Workforce and Customer Identity Clouds enable secure yet flexible access, authentication, and automation that transforms how people move through the digital world, putting Identity at the heart of business security and growth.

Okta connects any person with any application on any device. It's an enterprise-grade, identity management service, built for the cloud, but compatible with many on-premises applications. With Okta, IT can manage any employee's access to any application or device. Okta runs in the cloud, on a secure, reliable, extensively audited platform ...
