What is savant power system?

Savant Power System delivers the ultimate solution for smart energy management. Monitor production and usage trends, control circuits at the distribution panel, and manage solar, battery, or generator backup sources all via the award winning Savant App. Our systems scale to meet the needs of any site from single family homes to large installations.

Why do you need a savant power module?

If your home has an automatic generator or battery storage, Savant Power Modules allow you to tailor the circuits being powered during a grid outage, because the real critical loads are the ones you need right now. Back up your home power with robust and reliable solar inverter and battery storage solutions from Savant.

Why should you use the savant app?

Now you can monitor, manage and automate your energy all as part of the foundation of your smart home. The Savant App delivers insightful energy data you can use. Get an overview of the top energy consumers over time, track data trends down the circuit level, and even compare usage trends with production trends.

What is a savant level 2 EV charger?

Stunning and powerful, the Savant Level 2 EV Charger is beautifully designed, rain tight, and feature rich. Convenient and rapid at-home charging for your electric vehicle that also lets you monitor energy consumption trends, manage power, and more right from the Savant app.

Does Savant offer a personal smart home consultation?

Savant now offers personal smart home consultations to help you start your project quickly and smoothly. All we need is your contact info and some details on what you are interested in so we can match you up with the perfect Savant install consultant. Do you have Savant in your home already?
