

Sege energy Mayotte

What is the energy sector like in Mayotte?

The energy sector in Mayotte is mainly oriented towards the consumption of electricity based on fossil fuels; renewable energies are currently underdeveloped for the moment, and there is no export of fossil fuels. Electricity in Mayotte in 2015 was 95% thermal sources and 5% renewable energy.

Who is Sege?

SEGE is the first company in the Balkans that combines traditional modern technology with traditional agriculture to produce solar energy. SEGE is subsidiary of the Rockland Group, an active investor in the solar energy production sector in 16 different countries and actively involved in the production of solar modules.

Is Mayotte a good place to get electricity?

Electricity in Mayotte in 2015 was 95% thermal sources and 5% renewable energy. The multi-year energy program sets a target of 30% renewable energies in final consumption in 2020. Electricity needs are growing strongly due to the growth of Mayotte and its population, as well as the increase in electricity.

What is Sege Solar Energy Group Europe?

The SEGE Solar Energy Group Europe focuses on the conservation of the necessary land areas as grassland in its open space solar power plants. Solar power plants require large open spaces. Mostly fallow areas with poor soil quality or lack of water are used for this, on which agricultural use is unprofitable.

Which port generates most of the electricity in Mayotte?

The port of Longoni generates most of the electricity in Mayotte. The energy sector in Mayotte is mainly oriented towards the consumption of electricity based on fossil fuels; renewable energies are currently underdeveloped for the moment, and there is no export of fossil fuels.

What does Sege stand for?

At Solar Energy Group Europe (SEGE), we believe in creating solar power plants that are not only efficient but also ecologically sustainable. Our philosophy is rooted in the principle of balance--balancing the need for renewable energy with the responsibility to preserve the environment.
