

Senator power systems French Guiana

Who is Senator power systems?

Senator Power Systems is an emerging provider of ruggedized power supply solutions, we specialize in design and development of reliable AC-DC Power Supplies, DC-DC Converters, High Voltage Battery Chargers.

How will EDF power French Guiana?

It will be connected to French Guiana's electricity grid through EDF's substation in Saint-Laurent-du-Maroni. The facility will provide reliable and clean electricity to power up to 10,000 French Guiana households. It will meet half of the energy demand in Saint-Laurent-du-Maroni and the Mana commune of French Guiana.

Why should you choose Senator power systems?

Senator Power Systems has developed highly efficient and versatile power supplies that can be adapted with a high degree of integration, safety and reliability to your needs. We design and develop reliable, compact and highly efficient power supplies. Our rugged power supplies are designed to meet the MIL Standards.

Why should you choose Senator's automotive power supplies?

Senator's Automotive power supplies are designed to meet the automotive standards. Our knowledge and experience enable us to produce innovative designs to meet your requirements. Our products are designed utilising Model Based Systems Engineering (MBSE).

Senator Power Systems is an emerging provider of ruggedised power supply solutions, we specialise in design and development of reliable AC-DC Power Supplies, DC-DC Converters, High Voltage Battery Chargers and Motor Drives.

8 high efficiency rectifier systems power the 16 MW electrolysis platform of the CEOG power plant in French Guiana; High efficiency, Integrated grid compliance in combination with compact design were key factors for the ...

French Guiana [a] is an overseas department and region of France located on the northern coast of South America in the Guianas and the West Indies. Bordered by Suriname to the west and Brazil to the east and south, French Guiana covers a total area of 84,000 km² (32,000 sq mi) [2] [3] [7] and a land area of 83,534 km² (32,253 sq mi).
