

Sint Maarten raisa energy

What is Raisa Energy?

Raisa Energy is a company that enables access to ownership of mineral and non-operated working interests across North America at scale. Through their technology, they cut across the value chain of sourcing, evaluating, and managing these investments, creating a differentiated value proposition for all their stakeholders.

What is Sint Maarten's national energy policy?

renewable energy.¹⁰ The plan also emphasizes the need to raise awareness of energy conservation among individuals and businesses through communication campaigns. Sint Maarten developed a National Energy Policy (NEP) in 2014 that aims to mitigate the impact of energy use on the environment while reducing electricity tariffs.

How much does electricity cost in Saint Martin?

For Sint Maarten, the equivalent rates are roughly \$0.35/kWh. Like many islands, Saint Martin is highly dependent on imported fossil fuels, leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.
