<div class="df\_qntext">How much solar power will Seoul have by 2022?

Seoul's metropolitan government plans to deploy 1 GW of solar photovoltaic power for residential and municipal buildings. By 2022, every public building and one million homes in the city are set to be solar-powered, thanks to the Solar City Seoul project.

<div class="df\_qntext">What does Seoul's '2022 comprehensive plan for solar power' mean?

With the announcement of the "2022 Comprehensive Plan for the City of Solar Power," Seoul offered support for the central/local government expenditures to fire stations, Arisu Water Purification Center, and community health centers as a way to distribute sunlight generation plants in public sites.

<div class="df\_qntext">What is SMG's 2022 Solar City Seoul plan?

As part of these efforts, in November 2017, SMG developed the 2022 Solar City Seoul plan to accelerate solar installations. Through this plan, SMG has strived to expand the citywide deployment of solar energy units on public buildings.

<div class="df\_qntext">How much energy does Solar City Seoul generate?

Including the new supply of 52 MW of solar power installed in 2018 and a total installation capacity of 210 MW, the Solar City Seoul project has generated 237,805 MWh of annual energy. It has also reduced greenhouse gases by 109 tonnes of CO<sub>2</sub> and fine particulate matter by 27.6 tonnes.

<div class="df\_qntext">Does South Korea pay a city-level subsidy for solar power plants?

For instance, it was the first municipality in South Korea to pay a city-level subsidy for small solar power plants with an output of 50 kW or less, since the nationwide feed-in tariff was abolished in 2011 due to the related fiscal burden. Subsidies are in place for the installation of mini-solar panels, reducing the upfront cost by 80 per cent.

<div class="df\_qntext">What are the rules governing green building construction in Seoul?

Article 14 (Allowances) The Mayor may pay allowances, travel expense, etc. to the persons who participate in rendering advice on projects for the construction of green buildings, within the budget. Article 15 (Enforcement Rule) Matters necessary for the enforcement of this Ordinance may be prescribed by rule of the Seoul Government.
