Who is Unisolar?

Unisolar is a turnkey company for the supply of equipment and projects for solar power plants. For 15 years we have sold more than 300 MW in various projects in the markets of Ukraine and Eastern Europe. Our company is the official distributor and service partner for supplying equipment and components for solar power plants.

Where can a solar power plant be installed?

Solar power plants and photovoltaic batteries can be installed on specially designated land plots, on the roofs of buildings and industrial premises or on the facade of a building. Configuration may vary by requirements and location. It is optimal to place solar panels on the ground or on roofs in places with high levels of insolation.
