

Solar world Luxembourg

Who is SolarWorld?

SolarWorld is a German company dedicated to the manufacture and marketing of photovoltaic products worldwide by integrating all components of the solar value chain, from feedstock (polysilicon) to module production, from trade with solar panels to the promotion and construction of turn-key solar power systems.

Is SolarWorld a debt-free company?

In the beginning of August 2017, leaving all liabilities behind, all the assets alone were acquired by the original Founder of SolarWorld Ag, Frank Asbeck along with Qatar Solar Technologies (QSTec) to form SolarWorld Industries GmbH, thus becoming completely debt-free and the only Solar Manufacturer in the world with zero-debt and zero liability.

Who owns SolarWorld?

The German facilities of SolarWorld were purchased by its founder Frank Asbeck in conjunction with Qatar Solar Technologies. Three days later, an appeals court upheld the verdict in the Hemlock case, resulting in SolarWorld AG being responsible to pay the damage claims.

Which countries install solar panels in Luxembourg?

France, Germany, Luxembourg, ... Belgium, France, Luxembourg, ... List of Luxembourg solar panel installers - showing companies in Luxembourg that undertake solar panel installation, including rooftop and standalone solar systems.

When was SolarWorld founded?

SolarWorld was founded in 1988 as individual company by engineer and chief executive officer Frank Asbeck, and engaged in projects to produce renewable energy. In 1998, these activities were transferred to the newly founded SolarWorld AG, which went public on 11 August 1999.

How did SolarWorld achieve grid parity?

In 2010, SolarWorld called for lowering Germany's lucrative solar feed-in tariffs and its CEO, Frank Asbeck, supported a 10 percent to 15 percent drop for the incentives. In 2011, utility-scale solar power stations achieved grid parity for domestic consumers as guaranteed tariffs fell below retail electricity prices.
