The Solar Plan is a made to measure plan for all those customers who already have solar panels and are covered by one of the Self-consumption methods. We have designed this plan to fit your needs as a solar self-consumer, which is why it promotes energy in the hours when the sun does not shine and your installation does not produce.

So we devised the most innovative mode of payment for solar called Pay While You Use repayment plan. The idea is to match your weekly repayments for your solar system with your weekly savings on your supposed generator expense. It offers up to 70% finance, while you are required to pay only 30% upfront payments with no Interest charged.

Our PaySave repayment plan is an innovative award winning way for purchasing solar. We aim to match your weekly repayments for your solar system with your weekly savings on your generator expense. We offer up to 70% finance, so as little as 30% upfront payments are necessary and no Interest charged.
