Our goal at African Sun Energy, is to ensure that clean energy ...

A couple of minutes later, we were in the car, driving back to Muscat. Looking back at that day, as hard as it felt for me to get out of bed at 6 am and walk under the burning sun, it felt good to enjoy mother nature and have the opportunity to, once again, explore the beauty that Oman has to offer.

Muscat: The Ministry of Agriculture, Fisheries, and Water Resources (MAFWR) has warned that bottled water should not be exposed to the rays and heat of the sun and other weather conditions. Other tips include ensuring that containers are far from sources of high heat and pollution when storing bottled water.

Sun Africa, as a premier US utility-scale solar developer and off-grid solution provider, is redefining what it means to be a renewable energy company.
