Venezuela is a nation overwhelmed by relentless blackouts and is seeking energy alternatives in the middle of a long-lasting energy crisis. In Maracaibo, the second largest city ...

Venezuela has faced years of power instability since about 2009, including two major blackouts in 2013 and a power and water crisis in 2016. At times the blackouts were caused in part by weather conditions like El Niño, but overall they have established a pattern of poor planning, mismanagement, and lack of investment on the part of the ...
