1 \$21.85 per square foot is the price of a Solar Roof derived using similar methodology, roof size, and energy costs described in Consumer Reports' research. This price does not reflect any solar incentives. The price was calculated for a roof where 35 percent of the tiles are solar (solar tiles cost more per square foot than non-solar tiles), in order to generate ...

There are only around 600 people living on the Cocos (Keeling) Islands in the Indian Ocean. But their beaches are littered with 414 million pieces of plastic. That's the calculation of a paper published in Scientific Reports. Its findings suggest the world has "drastically underestimated" the plastic pollution problem.
