

Turks and Caicos Islands greenlife energy solutions

What is transforming to green energy in the Turks and Caicos Islands?

The "Transitioning towards Green Energy in the Turks and Caicos Islands" project falls within the development activities of the RESEMBID programme, which is a 47-project programme funded by the European Union and implemented by Expertise France - the development cooperation agency of the Government of France.

Can rooftop solar PV systems withstand severe climatic conditions in Turks & Caicos Islands?

These rooftop solar PV systems are specially designed for resilience to withstand fierce climatic conditions in the Turks and Caicos Islands. The battery energy storage technology of these systems will provide clean energy to the facilities during severe climatic conditions.

What solar products does Fortis TCI offer?

We specialize in the following solar products: solar hot water, solar pool heating, solar pool pumps and solar photovoltaic. Fortis TCI is the main power utility in the Turks and Caicos Islands. It is a privately owned company and services all of the inhabited islands within the Turks and Caicos Island chain.

Can Turks and Caicos use solar power?

The Turks and Caicos Government and Fortis TCI are currently reviewing the electricity legislation to enable Turks and Caicos residents to use the solar power they produce to offset their power consumption (rather than sell everything back to Fortis at their pre-agreed rate).

What is the TCI green energy project?

The Project is being implemented by the Ministry of Home Affairs, Public Safety and Utilities. The project aims to strengthen the capacity of the TCI for a sustainable green energy transition and create long-term and meaningful change within the energy sector and across public systems in the islands.

What is happening in the Turks & Caicos Islands?

The Turks and Caicos Islands (TCI) Government continues to move towards a more sustainable and secure future with the execution of the Contract Agreement by HE Governor Dileeni Daniel-Selvaratnam for and on behalf of the TCI government and the contractor, Green Revolution Ltd, for the installation of five (5) solar photovoltaic systems.
