What is a verdant tidal turbine system?

The central component of the Verdant Tidal Turbine System is a three-bladed horizontal-axis turbine. The turbine is equipped with a composite rotor with three blades that rotate at a slow and regular rate, well below normal water vessel propeller speeds and conventional hydropower turbine blade speeds.

Verdant Energy Solutions manufactures drilling fluid lubricants to aid in torque reduction in slim - hole directional drilling, permitting a higher RPM. We develop both oil and water - soluble lubricants, which significantly reduce torque, drag, metal surface, wear and prolong bit life.

Verdant Energy's description simply reads "Adds 1 Energy" with no preceding conditionals, when it should read "When this moves." Items with effects that change based on how they're rotated (arrows, Wheel) should really have some kind of icon (like items with transform or alternate modes) or (at minimum) description text explicitly pointing this out, ...

strategy with Verdant Energy + Evil Hand. The idea was that the hand would pull the frog, and it would never run out of room to give me more energy even if it reached the bottom. It worked... too well. Verdant Energy apparently gives 1 additional energy when pulled by the Evil Hand curse, essentially doubling the value of it.
