Hanley Energy is a globally recognised, award-winning data center solution innovator, headquartered in Ireland with many global operations.

Why did Israel launch strikes on Houthi-held parts of Yemen?

Israel launched strikes against ports and energy infrastructure in Houthi-held parts of Yemen on Thursday and threatened more attacks against the Iran-aligned militant group, which has launched hundreds of missiles at Israel over the past year.

Did Israel Fire a drone on a Yemeni port?

Israel hit back the next day with deadly airstrikes on a Yemeni port in the first such Israeli strike on Yemen, according to Israeli officials. In September, the Houthis fired a missile deep into Israel, and earlier this month, they claimed to have fired a drone that hit a building in central Israel. No injuries were reported in either attack.

Why did Israel bomb a Yemeni port on December 19 2024?

Israeli police bomb squad members work near a damaged site after a projectile fired from Yemen was intercepted, in Ramat Gan, Israel on December 19, 2024. Israel hit back the next day with deadly airstrikes on a Yemeni port in the first such Israeli strike on Yemen, according to Israeli officials.

Did Israeli military intercept a missile launched from Yemen?

Earlier Thursday, sirens were heard in central Israel after the Israeli military intercepted a missile launched from Yemen, the IDF said. The Houthis did not immediately claim responsibility for the attack.

Will Israeli aggression deter Yemen?

"The Israeli aggression will not deter Yemen and the Yemenis from performing their religious and moral duty in responding to [Israel's] massacres in the Gaza Strip," the spokesman said in a statement. Additional reporting by Ahmed Al Omran
